A Center for Classical Christian Learning  
Savannah, Georgia

## Pre-Kindergarten Syllabus

Term: 2011-2012

**Teacher:** Judy Daniell  
[fjdaniell@att.net](mailto:fjdaniell@att.net)

### Curriculum Overview:

**In the Classroom:** Pre-K is designed to let the students enjoy age-appropriate learning activities without having rigid academic requirements or expectations. The students will simply be exposed to the academic areas they will see again in the future. There are four basic subjects in Pre-K: Phonics, Math, Unit Study and Bible. These subjects will incorporate the use of the Bible, various teaching resource manuals, worksheets, art projects, games, stories, songs and manipulatives to reinforce the lessons.

**At Home:** Homework will be given each week and is encouraged but is optional. Home chapel and daily story reading are also encouraged.

### Course Description:

**Phonics:** Students will begin learning to identify all the letters of the alphabet (upper and lower case) and their sounds (stressing hard consonant sounds and short vowel sounds). Students will also begin learning to write all the upper and lower case letters.

**Math:** Students will begin learning the following basic math concepts: identifying numbers 0-10, counting 1-100, identifying shapes and colors, days of the week, patterns, clock facts, telling time to the hour, picture addition and coin recognition.

**Unit Study:** Students will be able to learn about their world through lessons in science, history and holidays.

**Bible:** Students will begin learning about all the major figures in the Bible from Adam and Eve through Jesus.

## Pre-K Syllabus

Week	Phonics	Math	Unit	Bible
