Omnibus I – Biblical and Classical Civilizations: This course of study will cover history, literature and theology from the dawn of time to the fall of the Roman Empire.

It is important that exact versions of all texts are ordered; this means obtaining books which have the same ISBN's as the ones given below. Students will interact with these texts in class so they should all be reading from the same translation, same notes and same page numbers. Listed below are some sources for ordering books. The book codes are given for those who wish to order through Veritas Press. *The books have been listed in the order in which they will be studied.*

- 1) Veritas Press, www.veritaspress.com or 1-800-922-5082..
- 2) Barnes & Noble (BN), www.barnesandnoble.com
- 3) www.amazon.com.
- 4) www.abebooks.com (website for used books)

Veritas will have a couple of each book available for borrowing (one to two books at a time.) If you are interested in this, please check with the teacher on availability. You can, of course, also obtain the books from local bookstores, the public library or other Internet sites. Buying used copies is a great way to save some money. The important thing is to have the books available when it's time to read them.
